

ELP18-12LX

Constant Voltage LED Driver with 0 to 18W Rated Loading and Parallel Load Connection

Key Specifications / Special Features:

- Installation: waterproof
- Supply connection: lead wire
- Load connection: parallel connection
- Efficiency: >85%
- Power in no-load: <0.3
- Comply with Energy Star program requirements for external power supply-version 2.0
- Short circuit protection: thermal protection
- Compliance:
 - Magnetic Emission EN55015
 - Immunity EN61547
 - Safety EN61347-1, EN61347-2-13
- Input voltage: 100 to 240V, 50/60Hz
- Constant current: 350mA, 12V DC, 1.5A
- Rated loading: 0 to 18W
- Ta: 75°C
- Tc: 75°C
